

GREASE LITHIUM MP & EP

i-GlooGrease LITHIUM MP & EP

NLGI – 0, 1, 2, 3

DESCRIPTION

i-GlooGrease LITHIUM is a lithium thickened lubricating grease based on highly refined base stocks. The grease contains antioxidants, corrosion inhibitors and EP/AW additives.

BENEFITS

- Very good mechanical stability.
- High load carrying capacity.
- Good corrosion protection.
- Easy to pump at low temperatures.

APPLICATIONS

This product suitable for applications within a very wide temperature range and especially applications at low temperatures, also gives the product a high degree of mechanical stability. This enhances the performance and prolongs relubrications intervals. The product is also suitable for use in gearboxes

SPECIFICATIONS

Characteristics	Test Method	MP/EP 0	MP/EP 1	MP/EP 2	MP/EP 3	MP/EP MOLY
Operating range	Degrees C	-20 to 130	-20 to 130	-20 to 130	-20 to 130	-20 to 140
Drop point	ASTM D 2265	196	196	194	196	Non melt
NLGI No.	ASTM D 217	0	1	2	3	2
Worked Operation	ASTM D 217	361	332	278	234	>300
Oil separation	IP 121	2.5	2.8	2.8	3	2.3
Emcor rust trust	ASTM D 6138	0-0	0-0	0-0	0-0	0-0
4 ball weld test	ASTM D 2596	248	248	250	250	260
