

# i-GlooOil Marine Engine Oil SAE 20W50

## DESCRIPTION

i-GlooOil Marine Engine Oils SAE20W50 is an advanced high-performance SAE 20W-50 multigrade diesel engine oil specially designed and formulated for high performance diesel engines operating in fishing and other marine activities.

## BENEFITS

- Very good control of oil consumption.
- Excellent soot dispersancy, reduce soot induced oil thickening and associated.
- Engine wear particularly in continuous long-hour services of marine fishing boats.
- Excellent TBN maintenance effectively neutralizing the acidic by-products of combustion.
- Reinforced thermal stability & Extended antifriction and engine cleaning properties.

## APPLICATIONS

i-GlooOil Marine Engine Oils SAE20W50 is advanced additives system ensure excellent control over soot induced wear, high temperature piston deposits, corrosion, foaming and superior oxidation stability.

## SPECIFICATIONS

i-GlooOil Marine Engine Oils SAE20W50 meets the following performance specifications:

API	CF-4/SL
ACEA	E2/96
MB	228.1
MAN	271

## TYPICAL TEST DATA

Density @15°C kg/	0.890
Viscosity 40 °C mm <sup>2</sup> /s	190.00
Viscosity 100 °C mm <sup>2</sup> /s	20.00
Viscosity Index	122
Flash Point COC °C	230
Pour Point °C	-24
Total Base Number mgKOH/g	12
